

Jupiter

LOWREY JUPITER (Model IC44K-1A). . . Family Entertainment Economically Priced.

If you've been suppressing those creative urges, it's about time you let go and the Lowrey Jupiter home spinet organ is a good way to start. Even if you've never played before, you'll soon be playing favorite songs with style and ease — thanks to Jupiter's many fine musical effects that you would ordinarily expect to find in more expensive organs.

To begin with, there are eight authentic instrumental voices on the upper keyboard to give you a wide variety of effects. Then there's the built-in Leslie speaker to lend an air of spaciousness to your music. We've even included our famous Automatic Rhythm which features eight rhythm patterns to help set the stage for your different musical moods.

To help you capture every note of your creative moments, there's a built-in Play-Along Cassette Recorder. You can record or play pre-recorded tapes through the Jupiter's rich-sounding speaker system.

A completely solid-state, Large Scale Integrated Circuit (L.S.I.C.) and transistor, self-contained home spinet organ with two 44-note keyboards and a 13-note pedalboard.

The Jupiter features one 25-watt high-fidelity amplifier, one 12" wide-range speaker and one 3" high-range speaker, plus a built-in Leslie speaker; also, a headphone jack for playing in privacy and an auxiliary input jack for special hookups.

Dimensions: 36" high, 45" wide and 24" deep. Available in Transitional Walnut, Italian Provincial Walnut and Early American Fruitwood.
